SunButter is Now Served!

Our school is now serving delicious peanut free SunButter Sunflower Butter in sandwiches and other recipes. SunButter is free from the top 8 food allergens and ideal for use in place of peanut butter. It's a safe and tasty choice for children with peanut, tree nut, and soy allergies, and it is safe for your family to pack in lunches and send to schools with peanut awareness policies.

Did you know approximately two children in every classroom has a food allergy*?

These organizations have more information about food allergies, a disease that is potentially life threatening for many children:
